

Nutfield Cemetery & Woodland Burial

Beautiful and natural surroundings for your loved ones

Benches

Historically, benches have been installed in the Cemetery, Garden of Remembrance and the Woodland Burial by Nutfield Parish Council and families who own grave spaces, with the prior approval of the Nutfield Parish Council Burial Board.

We are not currently accepting applications for any further benches within the grounds. However, you can still submit a request to the Assistant Clerk to be placed on the waiting list for consideration and if the Burial Board recommends further benches are to be installed/replaced in the future, persons on the waiting list will be contacted in turn.

All proposed bench installations in the grounds are subject to Nutfield Parish Council's term and conditions.
